

Technical drawing of a road layout plan for a residential area. The drawing shows a proposed road alignment (St. Nikolausstrasse) in yellow, with existing roads and buildings in grey. The plan includes stationing from 0+000 to 0+539.969. Key features include:

- Road alignment and stationing.
- Property boundaries and building footprints.
- Topographic contours and elevation points.
- Engineering data: curve radii (R_v), curve lengths (L), and vertical curve data (K , G , f , TS).
- Notes on construction details like "Rohbau Tankumlauf" and "Rohbau Tankumlauf".
- A north arrow pointing towards the top right.
